DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-13 are rejected under 35 U.S.C. 102(b) as being anticipated by Dunn 3,959,204, Palmer 4,251,416 or Verenkova RU 2071491.
3. Dunn discloses latex and calcium carbonate in claim 1 and ammonium and potassium fluorides in claim 7. For concentrations and order of addition see the Examples. Palmer teaches latex, calcium sulfate with its concentration and ammonium or sodium sulfate in claim 1. For order of addition see the Examples. Verenkova recites water-soluble alkali metal silicate, latex and phosphate and borate binders of calcium and zinc in the Abstract. Applicants' claims are not novel.

Claim Rejections - 35 USC § 103

4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
5. Claims 1-13 are rejected under 35 U.S.C. 103(a) as being unpatentable over Dunn 3,959,204, Palmer 4,251,416 or Verenkova RU 2071491.
6. All references have been discussed already. It would have been obvious to one having ordinary skill in the art; at the time the invention was made, to select applicants' ingredients from a list of equivalents and to use the double salts of Verenkova as the second compound, since it is chemically encompasses applicants' claimed salts.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
